Lucide

v0.577.0

Beautiful & consistent icons

Made by the community.

View all icons | Get Started | GitHub

Search 1703 icons...

Lightweight & Scalable

Icons are lightweight, highly optimized scalable vector graphics (SVG).

Clean & consistent

Designed with a strict set of design rules for consistency in style and readability.

Customizable

Customize the color, size, stroke width, and more.

Packages support

Lucide is available as a package for all major package managers.

Tree shakable

The icons are tree shakable, so you only import the icons you use.

Active community

Lucide has active community on GitHub and Discord.

Available For:

JS Native

And more

Style as you please

Lucide has a lot of customization options to match the icons with your UI.

Color #000000

Stroke width 2px

Size 24px

Absolute Stroke width
